Sample App

Main Activity

The image shows a smartphone screen with a user profile form. The status bar at the top shows 'Emergency' on the left and battery/22:05 on the right. The app title 'YalovaUniversity_Week5' is in a purple header. The profile section has a blue background and contains a yellow profile picture placeholder, the labels 'Full Name' and 'Gender', and a purple 'UPLOAD IMAGE' button. Below this is a white section with four dark purple input fields labeled 'Full Name', 'Email / Phone', 'Password', and 'Verify Code'. Each field has a corresponding icon (person, envelope, lock, and keyhole). Below the fields are radio buttons for 'Gender' (Male/Female) and a checkbox for 'I agree to the Company Software Agreement.'. A large purple 'UPDATE' button is at the bottom.
